Sjanter: to guide, to manoeuvre, to keep the flow moving.

Years ago the train station at the back of the Cellar was called Botha's Halt, mainly because of all the Botha families that lived in this valley over the years and that is where the Cellar's name comes from.

Sjanter is the guy who changes the lanes on the railway tracks and that is where the new range got its name.

Origin

Breedekloof, South Africa

Cultivar

100% Shiraz

Analysis

Alcohol 14.79 %

Sugar 3.6 g/l

Acid 5.97g/l
